For Immediate Release:

Road Closing Information for July 3, 2026 at Prairie Creek Reservoir Fireworks

The Muncie Police Department will be assisting the Muncie Parks Department for events at Prairie Creek Reservoir on Friday July 3rd, 2026.

- The fireworks show is scheduled to start around 10 p.m. Please give yourself time to get parked prior to the start of the show
- Traffic after the fireworks:

Officers will be directing traffic at multiple locations after the fireworks. Depending on the location you park will determine the direction the Officer will send you from the reservoir. Please make yourself familiar with the area around the reservoir. You may be directed to go a way that is not your normal route. This is to help minimize, as much as possible, the traffic congestion. Do expect delays. There are limited exit points and paths to leave.
- Do not block roadways and do not park alongside the road. Only park in areas that are designated for parking. Paths need to remain clear for public safety.
- Please do not walk on the roadway. There will be walking paths marked off.

Please be safe and enjoy.

Deputy Chief Melissa Criswell
Muncie Police Department
